

SNYDER-GRAY HOPES FADE AS SMITH HEARS PLEAS

Attorneys' Appeal for Clemency for Condemned Pair Believed to Have Been in Vain

ALBANY (N. Y.) Jan. 5. (Exclusive)—Gov. Smith indicated this afternoon as clearly as he could, without a final statement, in the opinion of those at the clemency hearings, that he will reject the pleas of attorneys for Mrs. Ruth Brown Snyder and Henry Judd Gray that he intervene to save the condemned murderers from the electric chair next Thursday night.

The Governor apparently declined to give serious consideration to the principal plea of the attorneys made. This was a contention that both were affected by abnormal tendencies at the time of the murder of Albert Snyder and were in that "twilight zone" between sanity and insanity which made them unaccountable for their actions.

Because of this mental condition the advocates contended that it was within the power and duties of the Governor to take cognizance of this fact, which he could, of course, do, and commute the sentences to life imprisonment.

The Governor left little room for doubt in his public response to this plea.

GOVERNOR'S RESPONSE

"If these people," he said, "were in the condition you say they were, if they were lunatics, imbeciles or insane, or all of these, they still could not be excused unless all anyone who wanted to commit murder would have to do, would be to get into this condition first."

The Governor was referring particularly to the condition of insanity, which he said was not a defense in any case, and that it was not a condition which could be induced by anyone.

CHICAGO, Jan. 5. (AP)—The property at 508 DeKoven street is for sale at \$38,000. That is the price quoted to the City Council for the property where Mrs. O'Leary's cow kicked over the lamp that set fire to Chicago in 1871.

PSYCHOPATHIC CASE

Haslam said the four attorneys who had examined Judd, believed him to be a psychopathic case, and recommended to Newcomb that the man be allowed to plead to murder in the second degree.

The attorneys who were of the opinion that Judd Snyder is suffering from a psychopathic case, said that they had examined him and found him to be a psychopathic case, and recommended to Newcomb that the man be allowed to plead to murder in the second degree.

GRAPING AT STRAWS

The attorneys for the condemned pair, driven to the last ditch, were in a mood for grasping at straws. Hamilton opened the show and a quarter hour of pleading. Directly behind him sat Mrs. Josephine Brown, mother of Ruth, with Frank Barnhart, assistant to Haslam. Near her was Mrs. Margaret Gray, mother of Judd, and an attempt which he made to get into the case.

The women dabbed at their faces with handkerchiefs throughout the session and Mrs. Brown was weeping audibly and apparently was close to tears when Hamilton spoke of Ruth as a loving wife and a loving mother, who had been an operation to bring her daughter, Loraine, into the world, and home peacefully.

MANAGUA (Nicaragua) Jan. 5. (Exclusive)—Today's trip from Managua was straight flying, with perfect weather and no difficulty of any kind. I saw high most of the way to Managua because of the high altitude. I left Tegucigalpa at 11:28 o'clock and flew to Managua at 3 o'clock. I saw several volcanoes, which I had heard of, and today was no exception. What interested me most were the volcanoes, of which I saw several after crossing 5000 feet of the borders of Honduras and Nicaragua. I saw the volcano of the River Negro, which runs into the Gulf of Fonseca.

WORLD TREATY PLEASES BERLIN

American Plan Held in Line With German Policy

Britain Also Favorable to Kellogg Peace Move

French Cabinet Opens Study of Counter-Proposal

BERLIN, Jan. 8. (AP)—Unofficial information indicates that Germany will be willing to participate in Secretary of State Kellogg's proposal for a treaty to outlaw war.

The American proposal, which was in reply to overtures of Foreign Minister Briand of France, are being studied closely by the Foreign Office's League of Nations juridical experts.

While official comment was not available on the ground that Germany has not yet been invited to join in a multilateral treaty, the correspondent was unofficially informed that German diplomats regard the Kellogg proposal, if realized, as an important step in the direction of world peace.

"So far as Germany is concerned," it was stated, "nothing stands in the way of supporting Secretary Kellogg's move, as the proposal lies in the direction of the entire German post-war policy of pacification."

Endorsing the Kellogg proposal editorially, Vorwarts, the Socialist newspaper, declares that the United States is following a policy of the "soundest standard of morals."

"Toward the Central American small states she acts like a police chief, not like a police, while she attempts to unite the co-equal great powers in a general peace pact," says the newspaper.

The Deutsche Allgemeine Zeitung expresses the opinion that the French government attempted to make a successful impression on the United States.

CHURCH RISES FROM OCEAN

LONDON, Jan. 8. (Exclusive)—Watchers on the shore at Walton-on-the-Hill, on the east coast of England, today were amazed to see a church arise from the sea three miles from the coast.

It was the long lost parish church which had been submerged since 1588 as a result of coastal erosion. The severe storm raging for several

days was followed by an exceptionally low tide which brought the 1000-year-old church to view covered thickly with shells and seaweed.

Some of the spectators were so overawed that they took one glimpse and quickly vanished. Others, more venturesome, made a hurried attempt to reach the church, but the tide was too quick for them.

The sea rapidly came in and submerged the relic.

days was followed by an exceptionally low tide which brought the 1000-year-old church to view covered thickly with shells and seaweed.

OHIOANS TO BOOST FOR POMERENE

Former Senator Will be Democrats' First Choice as Presidential Nominee

COLUMBUS, O., Jan. 8. (AP)—Former United States Senator Allen Pomerene and former Congressman George White of Marietta will be the first and second choice of Ohio Democrats for the Presidential nomination.

Lacking an avowed candidate for the Presidency in the State and being obliged to give authorization for the selection of convention delegates, the former Senator was drafted today by his party to fill the role.

Though formally pledged to support Mr. Pomerene, the delegates will have fulfilled their pledge when they cast a complimentary vote for him. They then will be free to support other candidates. Presented with a recommendation that Senator Pomerene be named as Ohio's Democratic "favorite son," the central and executive committees in joint session quickly made the endorsement unanimous.

Mr. White's was the only name suggested for second choice. Candidates for delegates must have the written consent of declared candidates before they can qualify formally as candidates in accordance with the present interpretation of the State primary law.

Three Per Cent Rule Held Peril to Labor Supply

Congressmen Swamped With Demands to Halt Move

WASHINGTON, Jan. 8. (Exclusive)—Alarmed over the threatened loss of its labor supply, California today started bombarding its Senators and Congressmen with demands that they use all their resources to defeat a movement on foot in Congress to put Mexico under the 3 per cent restrictive immigration law.

Legislation to this end is sought in a bill sponsored by Congressman Box, Democrat, of Texas, and backed by the Texas delegation. The House Immigration Committee is scheduled to begin hearings on it, within the next month or six weeks.

The California message agrees that the annual supply of migratory labor is absolutely necessary to meet the peak harvest demands in the State and that the Mexican is the only satisfactory laborer available; that the Mexican has proved the most efficient farm worker that can be brought in, and there is no suitable substitute for him.

SUBSTITUTES OPPOSED "Some suggested substitutes, such as the Porto Rican negro and Filipinos, would present a worse social problem than the Mexicans," said the Fresno County Farm Bureau in a letter to Congressman Arthur Free. Among the California organizations and firms that have taken up the cudgel against the Box bill are the Ventura County Chamber of Commerce, Union Sugar Company, King City Chamber of Commerce, California Orchard Company, California Vineyardists Association, Santa Clara Valley Fruit Exchange, Security Warehouse and Cold Storage Company of San Jose, California Fruit Exchange, El Monte Walnut Growers' Association, Modesto County Farm Bureau, California Canning Peach Growers, American Beet Sugar Company, Pomona Fruit Growers' Association, Southern California Raisin Growers' Association, California Fruit Growers' Exchange, San Joaquin Chamber of Commerce and Sacramento County Farm Bureau.

Hints Wilbur Kept Officers from House Hearing

Deposed Commander Tells of Receiving Message

Question of More Cruisers Discussed on Stand

WASHINGTON, Jan. 8. (AP)—Information that Secretary Wilbur prevented attendance of naval officers at the House Naval Committee hearings while Rear Admiral Magruder was on the stand today when the deposed commander of the Philadelphia Navy Yard resumed his testimony.

Questioned by McClintock, Magruder said his only information on the Wilbur matter had been received from another officer.

"The officer quoted a message he received," Magruder said. "This message was 'the Secretary does not desire any officer attached to the department to attend any hearings of the House Naval Committee while Rear Admiral Magruder is a witness before that committee.' That quotation is the only information I have."

Encouragement of a merchant marine, to be available as an auxiliary to the Navy in case of war, was favored by Admiral Magruder.

He added that he does not think it necessary to build additional cruisers, as a part of a naval building program at this time, because approximately 180 destroyers now are idle at Philadelphia and San Diego. These destroyers, if put in condition, he said, would more than make up for any cruisers which might be built in order to put the Navy on a parity with other navies.

POMONA READY FOR TIL
Sagehen Team Holds Final Work Out for
Southern Conference LoopCLAREMONT, Jan. 5. (AP)—"Buddy" Heath put his
legs eager through a final workout and let them go
when they open their Southern Conference season with the
on the Leopards' own floor.The Sagehens are in good shape after
a week of hard training, and ought
to be practically up to their best
form against the Leopards. No prelin-
inary game is scheduled, so the two
quintets will start at 8 o'clock.The entire strength of the Po-
mona line-up is back in the
ranks now and Heath will be able
to put a snappy team on the
floor against the Leopards. Both
Bruce Wilkins and Clarence Blah-
ney have recovered sufficiently
from their injuries to play and
should see plenty of service in
the game. Wilkins is a forward
while Blahney plays center. Just
what the starting line-up will be
is uncertain. Heath has been
in the hospital for several days
and is expected to be back in
the lineup by the next game.

The image shows a close-up of a document with handwritten entries. On the left, there is a vertical column of text that includes "Lambert", "Proton", and "ike 1071". To the right of this text are several columns of handwritten numbers, some of which are underlined. A dark vertical strip on the right side of the image partially obscures the document. The overall appearance is that of an old ledger or account book.

Don't miss the new book "The Art of the Book" by the author of "The Art of the Book" (1997) and "The Art of the Book" (1998) (1999) (2000) (2001) (2002) (2003) (2004) (2005) (2006) (2007) (2008) (2009) (2010) (2011) (2012) (2013) (2014) (2015) (2016) (2017) (2018) (2019) (2020) (2021) (2022) (2023) (2024) (2025) (2026) (2027) (2028) (2029) (2030) (2031) (2032) (2033) (2034) (2035) (2036) (2037) (2038) (2039) (2040) (2041) (2042) (2043) (2044) (2045) (2046) (2047) (2048) (2049) (2050) (2051) (2052) (2053) (2054) (2055) (2056) (2057) (2058) (2059) (2060) (2061) (2062) (2063) (2064) (2065) (2066) (2067) (2068) (2069) (2070) (2071) (2072) (2073) (2074) (2075) (2076) (2077) (2078) (2079) (2080) (2081) (2082) (2083) (2084) (2085) (2086) (2087) (2088) (2089) (2090) (2091) (2092) (2093) (2094) (2095) (2096) (2097) (2098) (2099) (2100) (2101) (2102) (2103) (2104) (2105) (2106) (2107) (2108) (2109) (2110) (2111) (2112) (2113) (2114) (2115) (2116) (2117) (2118) (2119) (2120) (2121) (2122) (2123) (2124) (2125) (2126) (2127) (2128) (2129) (2130) (2131) (2132) (2133) (2134) (2135) (2136) (2137) (2138) (2139) (2140) (2141) (2142) (2143) (2144) (2145) (2146) (2147) (2148) (2149) (2150) (2151) (2152) (2153) (2154) (2155) (2156) (2157) (2158) (2159) (2160) (2161) (2162) (2163) (2164) (2165) (2166) (2167) (2168) (2169) (2170) (2171) (2172) (2173) (2174) (2175) (2176) (2177) (2178) (2179) (2180) (2181) (2182) (2183) (2184) (2185) (2186) (2187) (2188) (2189) (2190) (2191) (2192) (2193) (2194) (2195) (2196) (2197) (2198) (2199) (2200) (2201) (2202) (2203) (2204) (2205) (2206) (2207) (2208) (2209) (2210) (2211) (2212) (2213) (2214) (2215) (2216) (2217) (2218) (2219) (2220) (2221) (2222) (2223) (2224) (2225) (2226) (2227) (2228) (2229) (2230) (2231) (2232) (2233) (2234) (2235) (2236) (2237) (2238) (2239) (2240) (2241) (2242) (2243) (2244) (2245) (2246) (2247) (2248) (2249) (2250) (2251) (2252) (2253) (2254) (2255) (2256) (2257) (2258) (2259) (2260) (2261) (2262) (2263) (2264) (2265) (2266) (2267) (2268) (2269) (2270) (2271) (2272) (2273) (2274) (2275) (2276) (2277) (2278) (2279) (2280) (2281) (2282) (2283) (2284) (2285) (2286) (2287) (2288) (2289) (2290) (2291) (2292) (2293) (2294) (2295) (2296) (2297) (2298) (2299) (2300) (2301) (2302) (2303) (2304) (2305) (2306) (2307) (2308) (2309) (2310) (2311) (2312) (2313) (2314) (2315) (2316) (2317) (2318) (2319) (2320) (2321) (2322) (2323) (2324) (2325) (2326) (2327) (2328) (2329) (2330) (2331) (2332) (2333) (2334) (2335) (2336) (2337) (2338) (2339) (2340) (2341) (2342) (2343) (2344) (2345) (2346) (2347) (2348) (2349) (2350) (2351) (2352) (2353) (2354) (2355) (2356) (2357) (2358) (2359) (2360) (2361) (2362) (2363) (2364) (2365) (2366) (2367) (2368) (2369) (2370) (2371) (2372) (2373) (2374) (2375) (2376) (2377) (2378) (2379) (2380) (2381) (2382) (2383) (2384) (2385) (2386) (2387) (2388) (2389) (2390) (2391) (2392) (2393) (2394) (2395) (2396) (2397) (2398) (2399) (2400) (2401) (2402) (2403) (2404) (2405) (2406) (2407) (2408) (2409) (2410) (2411) (2412) (2413) (2414) (2415) (2416) (2417) (2418) (2419) (2420) (2421) (2422) (2423) (2424) (2425) (2426) (2427) (2428) (2429) (2430) (2431) (2432) (2433) (2434) (2435) (2436) (2437) (2438) (2439) (2440) (2441) (2442) (2443) (2444) (2445) (2446) (2447) (2448) (2449) (2450) (2451) (2452) (2453) (2454) (2455) (2456) (2457) (2458) (2459) (2460) (2461) (2462) (2463) (2464) (2465) (2466) (2467) (2468) (2469) (2470) (2471) (2472) (2473) (2474) (2475) (2476) (2477) (2478) (2479) (2480) (2481) (2482) (2483) (2484) (2485) (2486) (2487) (2488) (2489) (2490) (2491) (2492) (2493) (2494) (2495) (2496) (2497) (2498) (2499) (2500) (2501) (2502) (2503) (2504) (2505) (2506) (2507) (2508) (2509) (2510) (2511) (2512) (2513) (2514) (2515) (2516) (2517) (2518) (2519) (2520) (2521) (2522) (2523) (2524) (2525) (2526) (2527) (2528) (2529) (2530) (2531) (2532) (2533) (2534) (2535) (2536) (2537) (2538) (2539) (2540) (2541) (2542) (2543) (2544) (2545) (2546) (2547) (2548) (2549) (2550) (2551) (2552) (2553) (2554) (2555) (2556) (2557) (2558) (2559) (2560) (2561) (2562) (2563) (2564) (2565) (2566) (2567) (2568) (2569) (2570) (2571) (2572) (2573) (2574) (2575) (2576) (2577) (2578) (2579) (2580) (2581) (2582) (2583) (2584) (2585) (2586) (2587) (2588) (2589) (2590) (2591) (2592) (2593) (2594) (2595) (2596) (2597) (2598) (2599) (2600) (2601) (2602) (2603) (2604) (2605) (2606) (2607) (2608) (2609) (2610) (2611) (2612) (2613) (2614) (2615) (2616) (2617) (2618) (2619) (2620) (2621) (2622) (2623) (2624) (2625) (2626) (2627) (2628) (2629) (2630) (2631) (2632) (2633) (2634) (2635) (2636) (2637) (2638) (2639) (2640) (2641) (2642) (2643) (2644) (2645) (2646) (2647) (2648) (2649) (2650) (2651) (2652) (2653) (2654) (2655) (2656) (2657) (2658) (2659) (2660) (2661) (2662) (2663) (2664) (2665) (2666) (2667) (2668) (2669) (2670) (2671) (2672) (2673)

COUNTY FEUD FLARES UP

Payne Sees Indictment of Agent as Plot to Balk Quiz in Bail Bond Exoneration

The smoldering feud existing between the Los Angeles county grand jury and the District Attorney's office on one side, and H. A. Payne, County Auditor, and the Bureau of Efficiency of Los Angeles county on the other, flared into an open conflagration yesterday with the return of a secret indictment against Bert Ramsey, formerly an investigator for Dist. Atty. Keyes and now employed in the same capacity by the Bureau of Efficiency.

Clumsy Telephone Pole for Take-off, but Machine Falls to Work

Manuel Hernandez, 18 years of age, of 222 North Indiana street, was injured fatally when he fell from a telephone pole at Brooklyn and Indiana streets last night. He was dead on arrival at the Georgia-street Receiving Hospital. The body is at the County Morgue.

Manuel had built a device which he believed would enable him to fly, according to police, and had climbed the pole to demonstrate the machine to some youthful companions. It failed to work and the boy fell to the ground.

As he thought the woman was in San Diego.

While the blood stain was the outstanding evidence, other developments, listed numerically, indicated that a climax in the case is approaching:

(1.) The grand jury returned an indictment charging Dr. McMillan with the murder of Mrs. Appleby before Superior Judge Hardy.

(2.) This morning was set for the accused man's arraignment on the charge in Judge Hardy's court.

(3.) Deputy Sheriff Allen succeeded in opening a vault in a downtown bank, retained by Mrs. Appleby, but found it practically empty, and search for \$40,000 worth of diamonds she is known to have had at one time was rebuffed.

(4.) Public Administrator Frank Bryson was appointed a special administrator for Mrs. Appleby's estate and there were further indications of a lively battle between relatives over the woman's property.

The bank vault, Deputy Sheriff Allen found, had last been opened by Mrs. Appleby last July, and it contained only a few hundred dollars worth of jewelry and a few business papers of but little importance in the case.

THINGS TO BE SEARCHED

The investigators had hoped, when they learned of the existence of the vault, that it might contain the missing jewelry, a will or something else of import. Since the opening of the vault, however, the investigators learned that she had three trunks in storage and these will be placed at their disposal today for examination.

As first steps were taken to settle the Appleby estate, it was announced that Attorney A. A. Hahn has been retained by relatives of Mrs. Appleby's husband, former Chicago engineer, to guard their interests.

Three sisters of Mrs. Appleby already have a representative here.

The dead woman left property estimated to be worth several hundred thousand dollars in four states. If it will name Dr. McMillan as sole executor is proven a forgery, as deputy sheriff declares it is, the courts will be called upon to determine the rightful heirs.

SILK MAN'S LAST RITES TO BE TODAY

Herman C. Neuschaefer Manufactured Fabrics in Italy for Many Years

Funeral services for Herman C. Neuschaefer, retilled silk manufacturer, and father of Paul E. Neuschaefer, master of the Union Bank and Trust Company of this city, will be conducted at 4 p.m. today at the chapel of Pierce Brothers, 730 West Washington street. Mr. Neuschaefer died Wednesday evening at his home, 946 Menlo avenue, following an illness of eight months. He was 65 years of age.

Mr. Neuschaefer was born in Germany in 1862. Upon graduation at the University at Heidelberg he engaged in the manufacture of silks at Milan, Italy, where he made his home for twenty-seven years.

Upon his retirement in 1910 he came to Los Angeles to make his home with his son. He became interested in the development of farms in the Antelope Valley, and at the time of his illness was arranging his affairs preparatory to returning to his home and family in Milan.

Mr. Neuschaefer leaves a widow and two daughters in Milan, and his son, Paul, in Los Angeles. Following funeral services the body will be cremated and the ashes sent to his family for final disposition.

LANGSTON RITES SET FOR TODAY

Pioneer Will Be Laid to Rest in Inglewood After Funeral Parlor Service

Funeral services for Jesse B. Langston, who died Wednesday, last, at his home, 4201 Woodlawn avenue, following a short illness, will be conducted from the Uiter Funeral Parlor, Broadway and Forty-second, at 2:30 p.m. today. Interment will take place in Inglewood Cemetery.

Mr. Langston first came to Los Angeles in 1881 from Leodi, his first home here being on the ground where the Southern Pacific station now stands. He later purchased a farm in Compton and still later one in Ontario, but always considered Los Angeles his home and spent much of his time here. Since his retirement fifteen years ago he had lived at the Woodlawn-avenue home.

He leaves a daughter, Miss Laura Langston, of 4201 Woodlawn avenue, and a brother, J. A. Langston of Bloomington, Ill.

Mrs. Wyman to Conduct Class in Foods Today

Mrs. Mabelle (Cheer) Wyman, whose cooking class will assemble at 1:30 p.m. today in the food demonstration hall of the Manufacturers' Exhibit, 130 South Broadway, Southwest Building, announces that for her lessons she will show how to make souper and oyster sandwiches, pear and nut salad with cottage-cheese dressing, hamburger cakes with macaroni and fried bananas, a sauce for macaroni and omelette bannocks, the famous Scotch dish.

All of these recipes will be demonstrated, and fully explained.

AUTO DEATHS SHOW INCREASE

Fatalities from Alcoholism and Suicides Also Gain in 1927 Over 1926

More persons were killed in auto accidents in Los Angeles during the past year than ever before in any one year, according to a statistical report made public by the County Coroner's office yesterday. The total for 1927 is 480, with sixty-four during the month of December alone.

Deaths from alcoholism show an increase of thirteen in 1927 over the previous twelve months, with forty-seven last year and thirty-four in 1926. Suicides during the twelve-month period amounted to 229, a gain of twenty-two over 1926, while electric railway fatalities decreased four, with only fifty in 1927. The office reports 2048 autopsies performed last year, and 2730 cases investigated, nearly 300 more than in 1926.

HAL ROACH AND WIFE SEPARATE

Comedy Producer States There Are Prospects for Early Reconciliation

Hal Roach, film producer, and his wife have separated. This was admitted yesterday by Roach when he was seen at his studio in Culver City, and reached by telephone at a ranch of friends near Ontario, said she had no announcement to make.

It was learned that the Roaches separated shortly after Christmas when the producer went to live at his home on the "Uplifters" Ranch at Santa Monica, M. P. A.

Roach, who was Margaret Nichols before their marriage, remained at the family residence in an exclusive residential district of Los Angeles.

When asked over the telephone about the separation Mrs. Roach's only comment was:

"I have nothing to say."

In agreement with an estrangement, Roach declared there is every prospect of a reconciliation in the near future.

"I have every hope and confidence the separation will only be temporary," Roach declared yesterday. "We parted amicably and I am sure that when certain matters are satisfactorily settled that we can be happy together again."

Mr. and Mrs. Roach were married ten years ago. At the time of their marriage she was appearing in pictures he was producing. They have two children.

Roach is one of the pioneers of the film industry. He started producing in 1914 under the name of the Rolin Film Company. He had directed prior to that time. Later on he started to produce under his own name.

DELAY GIVEN FOR PLEA IN CAR KILLING

Actress and Companion Arraigned on Charge of Manslaughter

Hope Phillips, actress, 25 years of age, and John Schultz, 32, were arraigned before Superior Judge Hardy yesterday on a charge of manslaughter brought against them in the death of Ethel Helen Knudson, who, officers charge, was run down by Schultz's automobile and killed at Eighty-third street and Vermont street a month ago.

Upon the plea of Stanley Vial, counsel for the defendants.

Judge Hardy continued the case until Monday, when they will be prepared to enter pleas to the charges.

According to evidence upon which the complaint was based, Miss Phillips was driving Schultz's automobile at the time of the accident and failed to stop after striking Miss Knudson, until the car crashed into another automobile.

Pioneer Shoe Merchant Dies

James P. Burns, 62 years of age, prominent Los Angeles merchant, died unexpectedly last night at his home, 3548 Wilshire Boulevard. He had just completed arrangements to retire from business, having sold his shoe store at 525 South Broadway a few days ago.

Mr. Burns came to Los Angeles thirty years ago from his former home in Boston. His first store was located on Spring street between Second and Third streets, and was later removed to its present location. He was prominent in social as well as business life, being a member of many of the leading clubs of the city.

Besides his wife, Mrs. Clara N. Burns, who was with him at the time of his death, he leaves a brother and sister in the East. Funeral services will be conducted at 2 p.m. Saturday from the family home and at 2:30 from St. Basil's Church, at Harvard and Wilshire boulevards.

FACTIONS IN CHURCH AT STALEMATE

Dr. Frank Dyer Better; Property in Possession of Extension Society

Opposing factions of the Wilshire Boulevard Congregational Church yesterday stood to their guns during a lull in the attempt to remove Dr. Frank Dyer from the pastorate of the church he organized six years ago.

As a result of Wednesday night's meeting the church property is in the possession of the Congregational Church Extension Society until September 1. This society is assuming the indebtedness of the church until that time, when the congregation may redeem the property. The property cost \$450,000. According to H. B. Laughlin, church clerk, the indebtedness represents \$275,000 on the property and \$225,000 in other debts. On behalf of Dr. Dyer it was stated yesterday that under his supervision the debt on the church property has been worked off at the rate of \$50,000 a year.

Dr. Dyer, who collapsed Tuesday night while protesting against the attacks upon him, advanced in his recovery yesterday; it was stated, but still is under the care of physicians.

Should another attempt be made to remove him from his pastorate another call must be issued for a special meeting, and no movement in that direction was reported yesterday. Dr. Dyer heads the church under a ten-year contract which has seven years to run.

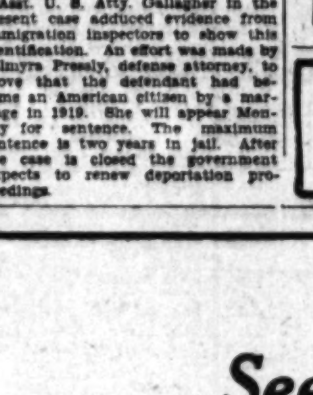

ALIEN LOSES LONG FIGHT OVER ENTRY

Jurors Decide Against Woman Who Came Back Following Deportation

Mrs. Blanch Jeannin, alias Mrs. Rolfe and Mrs. Mason, 46 years of age, a native of France, yesterday lost a long fight to remain in the United States when a jury in United States District Judge Henning's court found her guilty of having illegally re-entered the country after having been deported as an undesirable alien.

The woman was convicted of having conducted a house of questionable repute at Portland and was deported to France in May, 1924. She returned to the United States in 1926 through Canada and was arrested in Fresno. A previous jury failed to agree on a verdict because of lack of identification of her as the woman deported.

Asst. U. S. Atty. Gallagher in the present case adduced evidence from immigration inspectors to show this identification. An effort was made by Palmyra Pressly, defense attorney, to prove that the defendant had become an American citizen by a marriage in 1919. She will appear Monday for sentence. The maximum sentence is two years in jail. After the case is closed the government expects to renew deportation proceedings.

STATE HISTORY DRIVE TO OPEN

Early Campaign Planned to Teach Hidden Facts

Dr. Coy, Named to Large Task, Begins Work

Headquarters for Drive to be at University

The immediate launching of a program that will make possible the presentation to the public of non-technical and historical information and data on California that has not heretofore been available, was announced yesterday by Dr. Owen Coy, professor of history at the University of Southern California.

Dr. Coy on the 3rd inst. was appointed director of the California State Historical Association by the State Board of Education, the members of which are trustees of the association. By this appointment Dr. Coy becomes a member of the State Department of Education.

He announced yesterday that he will immediately establish the headquarters of the State Historical Association in the Administration Building of the University of Southern California, 8551 University avenue. This change, he said, will make it possible to carry on a program of activity that was not possible before.

PLANS CLEARINGHOUSE
"We hope to affiliate all regional and local historical societies, as an advisory council acting as a clearinghouse on all programs promoting interest in California history," he declared.

Dr. Coy is editor of "Pictorial History of California," author of "Guide to County Archives," "Care and Use of County Archives," "History of Southern California Counties," "Genes of California Counties," "Battle of San Juan" (San Diego county), and editor of an architectural history of San Carlos Borromeo. He has been at the University of Southern California for the past two and one-half years, and besides conducting day classes in history, has headed large evening classes in California and western history at university college. He is co-editor of the Los Angeles Museum in Exposition Park, and for the past fifteen years has worked exclusively on California history, stressing particularly the period of American development.

LECTURES WIDELY KNOWN
The California Historical Association, of which he has been formally appointed director, is to be headed by its honorary officers as follows: Joseph H. Knowland of Alameda, California, president of the state regional vice-presidents being W. L. Valentine of Los Angeles, George Manston of San Diego, George Corcoran of Fresno and A. S. Macdonald of Oakland.

The association began in 1925 as a continuation of the work of the State Historical Survey Committee, created in 1925 to 1926 to function under the auspices of the University of California. In 1925 it became a national organization, without official affiliation. The 1927 session of the California Legislature gave it official status, making it the State Board of Education, the trustees of the association, and the board, by act of assembly, was created, Tuesday, appointed Dr. Coy of the Trojan faculty official director. "The California Under Six Flags," "The Legacy of the Forty-Niners," "The Significance and Romance of California Place Names," three of Dr. Coy's illustrated lectures, have been widely heard, having as their object the bringing of results of historical research to the public generally in pleasing and interesting form.

CLARA BOW COUSIN GETS JAIL TERM

Youth Sentenced to Eighty Days for Liquor Sales to County Detective

Just because he is asserted to have sold a couple of bottles of white liquor to a county detective, Willie Bow, cousin of Clara Bow, film actress, began serving an eighty-day sentence in the City Jail yesterday. County Detective Leon testified in Municipal Judge Turner's court that he purchased a bottle of liquor from Bow in a cafe operated by Robert Bow, father of the actress, at Beverly Boulevard and Pecos Road, on December 26. Three days later he succeeded in making the second buy, he said.

The magistrate decided Willie was guilty of violating the Wright Act on two counts and sentenced him to serve forty days in jail on each charge. Judge Turner also imposed an additional sentence of fifty days for maintaining a nuisance, but Willie paid the fine and escaped the fifty days.

When apprised of her cousin's plight, Miss Bow declared she was "sorry, but couldn't help it if Willie got pinched."

Staff Women of Daily Bruin Get Out Paper

Men were taboo in the office of the Daily Bruin of the University of California at Los Angeles yesterday, the women of the regular staff conducted the typewriter and official desks and got out the paper.

The ninth semiannual women's edition appeared on the campus this morning.

Lucile Berry, was editor, managing editor was Louise Murdoch and assistant editor was Fannie Olinberg. The new editor and Florence Koehler women's news editor.

Marie Greer and her assistants, Mabel Reed and Dorothy Smith, wrote the basketball news. Feature writers supervised by Evelyn Locke and Eloise E. Smith. P.F. editor was Alice Graydon and the drama page was headed by Jeanette Kahn and Mary Barnaley. Marion Miller was manager.

BITTER JULIAN BATTLE BEGUN

Julian affairs, and demanded of each man and woman to the bar that they reveal cases where they have had transactions with the company.

The examination was left exclusively to Lewis and Ford, except for two instances where a juror asked a question of the two men.

LONG TRIAL SEEN
"Will the fact that Jacob Berman used the alias Jack Bennett in his examination, and that he was against the defendant?" Murphy asked. All replied in the negative.

The preliminary hearing was held by the defense was used by Lewis upon a juror's admission that he had listened to a radio talk by C. C. Julian and "was very much impressed by his disclosure."

As each defendant, a juror was heard, having as their object the bringing of results of historical research to the public generally in pleasing and interesting form.

While the selection of the jury is expected to be made in record time, the trial may last for more than two weeks, according to both sides. The most voluminous amount of evidence to be introduced in a case here in years is stored in an anteroom to Judge Donnan's chambers and will be presented in the trial.

COURT PACKED

Judge Donnan's courtroom yesterday was taxed far beyond its capacity, and inside the railing there was hardly room to stand.

Lined up in four rows immediately to the rear of the specially enlarged counsel table, sat the ten defendants.

The eleventh defendant, A. Swanson, who also was indicted with the other ten, by the State Bar, has appeared for arraignment.

Because of the length of the indictment, Judge Houser has decided to try the case in two parts. At the opening of the trial, the court outlined the contents of the charges.

More than an hour's delay in starting court was experienced because of the congestion caused by the large number of witnesses and clients.

After several attempts to arrange the regular counsel table so that all witnesses would be seated had failed, an additional table and chairs were sent to the court.

REQUESTS HEARD FOR PAVILION

City Playground and Park Commissions Apply for Exposition Park Stand

Members of the Sixth District Agricultural Society, yesterday heard separate applications of the City Playground Commission and the City Park Commission and the city park department for permission to use the grandstand at Exposition Park, and an adjacent area of ground, for entirely different and contrasting purposes. At the close of the hearing the matter was taken under advisement.

The Playground Commission desires to build a large swimming pool in front of the grandstand replacing the present plunging with tennis courts. The park department asked that the grandstand be turned over to be converted into a huge floral conservatory at a cost of \$100,000.

At the close of the meeting yesterday, President Griffith of the Park Commission stated that both city commissions are willing to abide by the decision of the agricultural board and there is no friction between the two commissions.

DAM FIGHT AT CRUCIAL POINT

(Continued from First Page)
the plans changed and called for bids.

RESIDENTS' ACTION
Then residents of the San Gabriel Valley, who desire the high dam largely because of its greater water conservation capacity, sued to demolish a building of a low dam, on the ground, largely, that the board could not alter the mandate of the voters, expressed at the bond election, except upon a showing of a change of physical conditions.

Thereafter, the board rescinded its resolution for change of plan and readopted the high-dam plan. At this juncture the board split, with the McClellan, Beatty and Wright voting for the high dam and the Superior, Graves and Dean for the low dam.

In the meantime, Chief Engineer Nagan lost his job and the flood-control program was placed in charge of Chief Engineer Eason, consulting board of engineers was formed, of which Nagan was made a member.

A second suit was filed by the California Taxpayers' Association, to enjoin the building of the high dam, in this case the law is in favor of the board could not rescind its low-dam resolution by a vote of three to two.

It is charged by the California Taxpayers' Association that the building of the high dam will cause waste of public funds.

CASES SET FOR JURY TRIAL
Both cases were set for trial for the same day in the same department, although they are not connected. It has been anticipated, however, that testimony taken in one case may be used in the other.

The first case taken up was the suit to enjoin the building of the low dam. An array of attorneys that takes the seating capacity of the courtroom, the trial was held in several hallways to sit in charge against the wall. For the plaintiffs, there were Vincent Morgan, special flood-control counsel. For the defendants, there were Vincent Morgan, special flood-control counsel. pending action of Congress on the internal revenue bill.

State Controller was in Los Angeles yesterday to supervise the collection of truck transportation taxes which have been held up for three years pending the outcome of a court decision. The constitutionality of the act authorizing taxes on truck lines have been upheld, and according to Riley, the State will not collect more than \$1,000,000 in taxes for the last three years.

BLAZE DEVOURS MORTGAGE

Big Sisters League Members Formally Celebrate Bide-a-Wee Home's Release from Debt

Chief of Police Davis, Judge George P. Bullock, Mrs. Minnie Barton and Mrs. Polly Barton, standing by a bonfire at the Bide-a-Wee Home yesterday, fought the flames of the \$500,000 mortgage on the home, while 500 members of the Big Sisters League applauded the destruction of their nemesis.

The mortgage was taken out a year ago when funds were needed to remodel the Bide-a-Wee Home at 1315 Pleasant avenue, an institution maintained for the care of deserted wives and their children. Following the remodeling, more than \$150,000 spent for furnishings was donated by Chief Davis and the members of the police department. The entire plant now is valued at about \$500,000. Fourteen working men are employed in the home, which is equipped to care for nearly twice that number.

Funds for clearing the mortgage were derived from the sale of towels, aprons and post-holders made by members of the Big Sisters League of which Mrs. Robert T. Brant is president.

RADIO BIG STICK LOSES WALLOP

New Interpretation Given of Service Clause

Commerce Department Says it Applies to Reception

Station Owners Now Without Their Best Argument

BY DR. RALPH L. POWER
The big stick which radio station owners have been holding over the heads of the Radio Commission in Washington has lost its wallop.

Commissioner Harold Lawford, now in Los Angeles, has a document from the Department of Commerce in which that department interprets the "satisfactory service" clause in the 1927 Radio Act to mean "radio reception."

Thus the thing in the phrase as an implement for the broadcaster is all. So far the owners of radio stations have defied the commission to produce what is a station in distress, but the new interpretation of the "satisfactory service" clause in the 1927 Radio Act to mean "radio reception."

RADIO BIG STICK LOSES WALLOP

New Interpretation Given of Service Clause

Commerce Department Says it Applies to Reception

Station Owners Now Without Their Best Argument

BY DR. RALPH L. POWER
The big stick which radio station owners have been holding over the heads of the Radio Commission in Washington has lost its wallop.

Commissioner Harold Lawford, now in Los Angeles, has a document from the Department of Commerce in which that department interprets the "satisfactory service" clause in the 1927 Radio Act to mean "radio reception."
